EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In the Specification, page 1, line 8, the term "18" was replaced with --12--.

The following is an examiner's statement of reasons for allowance:

Claims 47-58 are allowed because the arguments presented in the Appeal Brief are persuasive regarding the differences in the prior art and the instant claims. There would have been no motivation for one of ordinary skill in the art to modify the processes of the prior art relating to killing or inhibiting the growth of microorganisms by contacting the microorganisms with a composition comprising a haloperoxidase and a salt of NH_4^+ in the manner claimed based on the prior art teachings, as correctly argued in the Appeal Brief.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Irene Marx whose telephone number is (571) 272-0919. The examiner can normally be reached on M-F (6:30-3:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael G. Wityshyn can be reached on (571) 272-0926. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system.
